HAY

CPH 30 EXTENDABLE TABLE

HIGHLIGHTS

- Multifunctional family of tables in different shapes, sizes, materials and colours
- CPH30 Extendable Table features a rectangular tabletop with the possibility of inserting supplementary leaves
- The leaves that can easily be inserted into the table's central sliding mechanism, allowing the table to be extended to the required length
- The extension leaves are available in different materials and colours to match the tabletop
- The table is also available in other variants in the same collection – as a round table with three legs (CPH 20), round table with four legs (CPH 25) and rectangular table (CPH 30)
- The series also includes desks (CPH10, CPH90, CPH190)
- Suitable for a wide variety of private and public environments
- Qualified for contract use

CPH 30 EXTENDABLE TABLE DESIGN BY RONAN & ERWAN BOUROULLEC

Part of the Copenhagen range designed by Ronan and Erwan Bouroullec, the CPH30 Extendable shares the same characteristic angled legs and strong identity that are consistent with the rest of the series, while this variant has an extendable design. Supplementary extension leaves can easily be inserted into the table's central sliding mechanism, allowing the table to be extended to the required length. Available with tabletops and frames in a variety of wood types, materials, and colours, with the possibility to select matching or contrasting combinations. The CPH 30 Extendable's versatile design and flexible length make it suitable for offices and public contexts, as well as workspaces or dining solutions in home environments.

CPH 30 Extendable Table | Black linoleum tabletop | Black oak frame

CPH 30 Extendable Table | Grey linoleum tabletop | Oak frame

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
