KnollStudio®
KN® Collection

The KN Collection combines exceptional comfort and exquisite detailing with Italian designer Piero Lissoni's signature minimalist aesthetic. Reflecting the modernist spirit of Knoll, KN's curved organic

silhouette elevates any interior. Available in various textiles and leathers as well as multiple silhouettes with options that swivel and recline, KN finds a place in residential and hospitality spaces alike.

Piero Lissoni

Piero Lissoni is an award-winning architect, designer, and art director. Lissoni describes his design approach as "humanistic," meaning that he places the human experience at the center of his work. Whether he is designing a small-scale product or larger hotel project, he is known for his keen attention to detail and proportion. In 1986, he

and Nicoletta Canesi founded Lissoni Associati, a multidisciplinary architecture and design firm based in Milan. This was followed by the opening of the visual communications company Graph.X in 1996 and later by the architecture firms Lissoni Architettura and the New York based Lissoni, Inc.
